<b>Grant</b>	Karuna Society for Animals and Nature in Puttapathi , South india received from Help Animals India which has has been of great help in the year 2020 with two donations (\$15.200 together). One grant was for the salaries of six employees which were at the time not covered by other general donations. Most of our donors like to provide directly for animal care and are hesitant to pay for salaries but how can animals be treated and fed without the day to day work of the attendants and doctors? (Details are in the salary report). The second grant we received at the end of the year 2020 was a gift from heaven with the purpose of providing food and medicine to be purchased in first few months in 2021. We had to prepare for the upcoming drought when all rescued cattle have to be fed within the compounds as there is no grass for grazing outside. We have been buying up local agriculture products like maize grass residue after the local harvests. In addition to this we also purchased cattle feed

<b>Grant</b>	Prayas is the only shelter in Surat, Gujarat rescuing and providing medical aid to sick and injured animals where 80% have recovered and been released back to their areas. Grants were also used for construction and special materials to build our new shelter with spacious kennels for dogs who cannot be released. These grants have provided inspiration and hope that we can continue our training of volunteers for our new shelter. Prayas also has many vegan awareness programs in schools and communities which were not able to continue due to pandemic year but will continue as soon as possible. 2020 started on a high note when we started using the newly built shelter and made great new plans of taking up many projects, but with April came COVID a lock down and then the trials and tribulations to follow. Feeding animals in lock down, special rescue ambulances, rescuing large working animals like camels and horses that were abandoned. When lockdown lifted we resumed ABC - spay/neuter for dogs

	<p>Just Be Friendly (JBF) is an animal welfare organization located in Guwahati, Assam, India and provides free care to street animals, predominantly street dogs and cows. JBF would like to highlight in brief a few responsibilities we shouldered towards making the world a better place to live with the support and cooperation from Help Animal India and to them who supported Help Animal India in making it possible. 1. At Lido in Margherita, Assam, ABC-ARV program was undertaken to spay and neuter to control the population of dogs at the Monastery. It was a great successful project and an achievement for JBF beyond religion. 2. On the occasion of World Spay Day many community dogs have been spayed and neutered. Leaflets too were distributed among the public to create awareness on the benefits of animal birth control. 3. The SUZI'S WHEEL, the four -wheeler undoubtedly was a big boon to JBF as it was instrumental in helping JBF to multi-task activities right from rescuing animals to helping in construction work of JIRAW, conducting outstation ABC-ARV programs etc. All these were made possible only because of the ample support we received from you. 4. During the lockdown period due to the pandemic (COVID19), stray animals could be fed with animal food because hundreds of strays were starving and thought of making a difference. JBF even handed over food packets to Assam Police, other small organizations and individual feeders and animal lovers, so that no nook and cranny remained untouched. 5. Last but not least, Assam is one state which is mostly affected by seasonal flood which renders helpless and homeless many animals and humans alike. JBF has been constantly rendering its service and conducted post flood veterinary support camps in most of the affected areas particularly in fringe areas of Kaziranga -a domain of animals especially home to the one horned rhino. Whatever we have accomplished till now was possible because of the help and support we received on different occasions. Still there is so much to do. To continue with our efforts to bring smiles on the faces of our animal friends, we'll also look forward to your help and support. "Not all of us can do great things. But we can do small things with great love." -Mother Teresa The above words hold great significance for us at JBF, India because we believe in bringing about changes in the lives of humans and animals alike with nothing but love - great love. That, accomplishing what we had till now and aspire to accomplish in the coming days, wouldn't have been possible and of course will become possible only because there are people who tend to act selflessly, who never put their self before acts of kindness, compassion and the unconditional donation and support they spread. JBF conveys its heartfelt gratitude for them. Nothing sounds more apt at this point other than what Helen Keller once said, "Alone we can do so little; together we can do so much."</p>	19,400	19,200	0

Additionally at RESQ we have tested over 200+ animals positive for rabies in the last year alone! Vaccination of stray animals is seen as an effective measure against this fatal but preventable zoonotic disease. Vaccination drives are not only essential for disease control but also integral to the reduction of human-animal conflict in the city. With the objective of preventing unnecessary suffering for animals we have used the grant to vaccinate over 1100+ stray unowned dogs	2,040	2,000	0

The grant also helped us to proactively undertake the rescue of cats from the notorious cat meat trade in our city from the gypsy camps around Chennai. Project Humane Nepal - Sneha's Care collaborative vaccination and sterilization program Target area: Lalitpur (Ward #13), Kathmandu (Ward #13) Funding amount: \$3000 (NRs. 364,800) from Help Animals India for anti-rabies vaccination + sterilization. Services delivered: Through collaboration with Sneha's Care, we vaccinated 1225 street dogs against rabies and sterilized 40 street dogs during July 2020. With the COVID pandemic still very active, protective measures, including masks, were taken by staff from both organizations. Impact accomplished: These activities reduced the risk of rabies in the community as well as the suffering of street dogs that, unfortunately, often goes unnoticed. Our work on the streets also engaged community members in caring and learning about these innocent creatures. They learned that rabies vaccinations reduce the danger of dog bites and that sterilizing dogs reduces the size of the street dog population. Community members even joined in to help us in our efforts to care for the street dogs in their neighborhood. Since	3,040	3,000	0

these female street dogs were not sterilized, they have given birth to many litters. Very few, if any, of their puppies survived due to the harsh conditions on the street including lack of shelter, malnourishment, or mistreatment by humans. - The community showed little compassion for the suffering of these street dogs. Instead, they complained about the increasing number of dogs in this area (due to lack of sterilizations) and any dog-bite cases (often because mother dogs are protecting their pups from stones/sticks thrown at them by locals). - Because they saw these street dogs as a nuisance, community members had actually threatened to relocate them to a jungle or poison them. - The pandemic lockdown interfered with those threats and also brought Project Humane Nepal (PHN) onto the scene to feed these dogs through the lockdown. PHN took the time to talk with community members. We assured them that we would take care of the vaccination and sterilization of all these street dogs. We were delighted to find out that one of our young neighborhood helpers had attended PHN's education program class back in 2016 as an 8th grader! He shared that he feeds biscuits to local street dogs when he can and enjoys spending time with them. During our time in his neighborhood, this boy helped us to locate and catch dogs to be vaccinated. Education can be life-changing for both animals and youth! his Project Humane Nepal - Sneha's Care collaborative vaccination and sterilization program not only directly impacted the lives of the animals but positively changed the way the community perceives and plans to treat these street dogs. We overheard community members saying that they now feel safe around these dogs and no longer feel a need to cull them because they are now vaccinated against rabies.

Srijani of Shree's Animal Rescue (Nepal) had to vacate the premises where she had rescued hundreds of street dogs. Help Animals India contributed to the fundraising to buy land and help construction costs for a new place to save the lives of these hundreds of dogs.	3,040	3,000	0
