Activity Code	Description	Expense	Grants	Revenue
	During the year 2023, JBF - Just be Friendly, received a grant of \$5000 on 19.12.23 from Help Animals India. "The 2023 Grant has been proposed to use to complete the construction work of 600sqft area Rehabilitation Shelter other than kennels to rehabilitate the rescued animals, also fostering the most needed rescued puppies until they get a forever home, completely separated from the ABC-ARV kennels. Secondly the grant has been also proposed to make the Connecting Corridor a concrete one by constructing around 50 foot-steps at JIRAW, as the natural landscape of that part of land is highly raised which becomes very slippery during the rainy season and becomes impossible to walk through to go up. JBF conveys its heartfelt gratitude to you & all the Help Animals India donors. We depend entirely upon kind donations and generosity to keep our works alive and caring for the helpless animals - THANK YOU once again everyone, for supporting the animals!" To continue with our efforts to bring smiles on the faces of our animal friends, we always look forward to your help and support.	5,040	5,000	0
	Tibetan Volunteers for Animals (TVA) has a rescue project in Byalukuppe the "We Cares Clinic", a Tibetan refugee community. Help Animals India has supported them for several years for rescue, ABC (animal birth control) and a visiting veterinarian. Help Animals India has also support the website of TVA. We provide free treatment for community dogs around Tibetan and Indian camps. Annually, on World Rabies Day, we offer free anti-rabies vaccines to both pet and community dogs. TCV School dogs are treated upon receiving calls, and for emergency cases like broken legs or hip fractures, we seek further treatment at PFA Mysore. Recently, at Sambota Tibetan School, we identified dogs that hadn't undergone ABC. We took 20 dogs to PFA Mysore for ABC, keeping them there for 3 days before bringing them back. The majority of the funding went for a fence to keep the shelter dogs safe from roaming around. Your continuous support for voiceless animals is truly appreciated in three grants received in 2023 - \$400, \$2000, \$2401.	4,800	4,757	0
	Animal Nepal with Help Animal India's grant of \$12,000 for 2023, initiated a very special program in Lumbini, the birth place of Lord Buddha - we were able to start our very own Lumbini Animal Clinic which offers comprehensive veterinary services for street dogs, pet dogs from low income families and also street cattle of which there are many in Lumbini. This year, we treated 215 dogs and 121 street cattle in Lumbini as well as sterilized 408 street dogs and vaccinated a total of 590 dogs against rabies. In doing this, we are not just helping to advance the welfare of animals but also preventing the spread of zoonotic diseases and reducing incidences of human-animal conflict in this region. It's certainly been a privilege to be able to carry out this work in Lumbini, a place synonymous with compassion. Help Animals India was also instrumental in enabling us to help many animals in need in the aftermath of the November 2023 earthquake in the Far West of Nepal. The earthquake had devastating effects, not only on human lives but also on the animals that were left injured, stranded, or without shelter & food. With support from Help Animals India, Animal Nepal in partnership with Sneha's Care were able to mobilize quickly, providing medical care, shelter and food for animals affected by the disaster. Through this partnership, we were able to make a meaningful impact, underscoring the importance of collaboration in times of crisis. We are immensely grateful to Help Animals India and its supporters for their unwavering and continued support of our mission to help animals in need. Help Animals India's commitment to animal welfare is truly inspiring, and we are honored to have them as partners in our work."	12,040	12,000	0
	RESQ in Pune Charitable Trust's writes Help Animals India made a generous contribution to "Revive 250" initiative through a donation of \$6,000. This funding has been instrumental in supporting RESQ's endeavour to assume care for 250 animals from a wildlife facility that	6,040	6,000	0

was closed down due to legal issues. To date, RESQ has successfully reintroduced 150 of these animals to the wild into their natural habitats, with plans for further releases as certain individuals undergo extended rehabilitation. For those animals that are not suitable for release due to medical or behavioural reasons, RESQ remains committed to providing ongoing care and support. The allocation of funds has been directed towards rehabilitation costs, nourishment, medication, and other critical care needs for the animals under the guardianship of RESQ.

<p>PFA (People for Animals) Agra received two grants to help feed their large shelter animals (cows, buffaloes) , staff salaries and to buy cow fodder for the hundreds of rescued animals. PFA (People for Animals) Agra \$10000 was used for staff salaries and a small amount \$2000 was used for buying fodder.</p>	<p>12,040</p>	<p>12,000</p>	<p>0</p>
<p>Sneha's Care of Nepal received the following grants 1. This year, we were fortunate to receive a grant totaling \$6000, which facilitated a collaboration with Animal Nepal to provide essential relief to animals affected by the earthquake in Jajarkot. With this generous funding, we were able to assist over 173 households by providing vital relief materials, including high-quality tarpaulins, blankets, chokers, bran, salt, and necessary medications. Your support has been instrumental in alleviating the suffering of countless animals in need, and we are immensely grateful for the assistance you have provided. Together, we aspire to continue our efforts in aiding more animals in distress in the foreseeable future. 2. We were fortunate enough to be receiving a grant of \$5,000 in which we had been able to conduct various activities that actually marked the impact and made a huge difference in the way of transporting animals in a humane manner. With this amount, we had been able to conduct a series of investigations in the checkpoints and thoroughly spread awareness to the drivers and caretakers about the live animal transportation standard through verbal interaction and along with the distribution of flyers and brochures. The animal transportation standards were distributed to the drivers, caretakers and even to the traffic police. A successful workshop was conducted which gathered a number of government stakeholders including the Deputy Secretary of the Livestock and Fisheries Development Division, Director General of the Department of the Livestock Services, The Chief Officer of Animal Quarantine, representatives of businessperson, animal welfare organizations and activists. We had been able to raise our voice in amending the penalty mentioned in the transportation standard, where we had been able to get commitment from the directive general that the penalty and compensation amount will be increased. We had been able to reach a wide number of people regarding this topic through our social media platforms too. We guarantee that Help Animal India's contribution remains highly visible. In every IEC material, the flyers, brochures, banners we have acknowledged and highlighted the support provided by Help Animal India in the betterment of the humane way of transporting live animals.</p>	<p>11,080</p>	<p>11,000</p>	<p>0</p>
<p>Sarnath Animal Welfare (SAW) is a project offshoot of Help Animals India project in nearby Varanasi through HOPE and Animal rust. Each year we send funding for spay/neuter/vaccination of area's dogs. The operations at Sarnath are carried out through Varanasi for Animals. Distance from Our Shelter and Sarnath village is about 10 Kilometers. We have been regularly called by the groups and individuals for all the injured animals. With our Mobile Support Ambulance every month we set up Sterilization camp. We ran Education and Awareness Drive as well through Schools and in the communities. Every year we run a special program for Sarnath in association with Sarnath Animal Welfare Group and Brigitte Bardot Fondation, Under this drive, we Re Vaccinate the already operated dogs and sterilize the non neutered dogs. For past over 6 years the drive is going on in Sarnath that has helped a lot in controlling the dog population and reduced the risk of Rabies. Being a major tourist place for Lord Buddha, We put in lot of efforts to continue the efforts as and when required from carrying out sterilization to rescues. Through our Education and Awareness drive during the special program we educated 1200 students, 60 Teachers, 200 Children and about 400 Adult community members. We plan to continue our efforts in making controlled dog population in and around Sarnath, making sure that there are less dog bites from the region and also work towards ZERO BY 30 Goal of WHO. we encourage</p>	<p>8,540</p>	<p>8,500</p>	<p>0</p>

more participation from owned dog population, run aggressive and influential education and awareness campaign using village heads and/ or influential people to get owned free roaming dog population go through spay/ neuter program. We have been continuously supporting the injured and sick animals in between the camp. This 2023 we sterilized 410 dogs, re-vaccinated 269 dogs from the past operated dogs that we caught during the drive. Simultaneously we ran education and awareness drives whole month and we spread the message of animal welfare and protection to over 2000 children and community members. We saved thousands and lakhs of new born puppies, sensitized the community and continued activity is helping us change the mindset of the people towards animals and pushing them towards kindness / compassion. There are Tibetan groups who time to time help animals in Sarnath and they are part of our efforts. Sonam Thakuri (and Ani Dolma) have been feeding and caring for street dogs for about 10 years now. General use of the \$500 grant to them: They feed about 25 dogs daily around the BHU campus. If they are both away at the same time, they arrange for a friend to feed. They also purchase food for Lucy the paralyzed dog who is cared for in a cage and courtyard by a poor widow now for several years. She has been so kind as they had to find a place for her. They give her small gifts of chocolate on the main holidays. We paid for the original cage to be built. The first paralyzed dog died, now Lucy uses the cage. (but is also let out enjoy the courtyard and other dogs that live there) They rescue the wounded dogs. So far this winter there have been 10, Each year about 5 dogs are sterilized at VFA. The local people often object so they can't arrange for more. They treat the dogs for skin diseases. So far this year about 15 cases (we pay for the medicines) In Sonam's personal area, he feeds about 20 dogs. There are 5 families who let them feed and also help. They give them small gifts at holiday time. (all the people are very poor) They cook rice and add what they can afford, milk, chicken feet etc daily and distribute in the evenings after dark usually . In the winter they purchase kibble which is very expensive because the dogs need it as it is so cold.

for the existing ones. Ending with the overpopulations of dogs means not dogs struggling to find food, no more dogs unable to find a place where to feel safe, more care for the existing dogs. In 2023 total 65 female more doggies were sterilized around Bodhnath Stupa. All of the help fund received from Help Animals India were used only for spaying the doggies, which were extremely urgent and important of all to stop the increasing number.

Prayas Team Environment in Surat, Gujarat writes year 2023 was a challenging year with loads of rescues and cases of cruelty to help with. To meet up to the same, we added more members to the dedicated staff and created a larger volunteer pool and rolled out training programs for more concerned people to join the team for the cause. The rescue action figure touched a new high of 26846 rescue calls resulting in over 22,000 + direct action cases and over 5600 animals getting admitted to our shelters and getting healed. We could find good homes for 59 abandoned-rescued cats, dogs, and goats. With a good spay-neuter and vaccination target reached, the team is upbeat now for taking the increased workload in stride and making it easy with improving systems. We could deliver 23 awareness and education programs and 57 training programs in various educational and other institutions resulting in reaching out to over 23,000 students directly. Help Animals India has been an integral part of this effort and growth by providing a generous grant of USD 5000 which was utilized for shelter treatment operations and spay-neuter mainly.	5,040	5,000	0

Catmandu Lovers in partnership with Animal Nepal were very fortunate to be awarded a \$2000 dollar grant by Help Animals India. This has enabled us to continue to expand our street cat sterilisation programme and thereby reduce the number of abandoned, orphaned and injured street kittens. We have worked hard with our community feeders to promote our trap, neuter and return programme and as such they have been regularly bringing in cats that they care for to be sterilised. Being able to provide free sterilisation is a vital service in a country where, for many, the cost of sterilisation is well beyond their means. Despite setbacks due to outbreaks of parvo and FPV we have continued to provide the service when it has been safe to do so. We are grateful to have enough grant to be able to provide at least another 45 cats and we hope very much that a future grant will be awarded for this vitally important programme. We would like to thank Help Animals India for their unwavering support over the years.	2,040	2,000	0

Thanks to HAI donors for their dedication to animal welfare, making strides toward a kinder world for our furry friends. This wouldn't have been successful without the precious support of HAI donors. ---Rescue Operations A total of three dogs along with five puppies were saved from the Teesta flash flood and four others from Ghelkhola were rescued. These furry friends required temporary shelter due to the destruction caused by the flood. Once the situation normalized, they were returned to their territory, reuniting with their community caretakers. Notably, Teesta was one of the rescued dogs that was sheltered permanently at Kalimpong Animal Shelter and is now living happily there. Her name comes after the river Teesta from where she was rescued. Funds from HAI were utilized for various purposes, including covering transportation costs for the Village camp project in Kalimpong, veterinary and medicine expenses including suture materials for the Animal Birth Control Programme, procurement and administration of anti-rabies vaccines, and providing food for animals affected by floods. Additionally, resources were allocated to ensure essential food and refreshments for staff involved in rescue operations, prioritizing their well-being and continued support during relief efforts. The Village Camp Project's success is about more than just numbers. It shows compassion, resilience, and teamwork for animal welfare. With strong support from Help Animals India and the local community, challenges turned into successes, bringing hope to animals. <p>Nepal Animal Welfare and Research Center - NAWRC "Rabies Control Program, as the title suggest plays important role in minimizing the risk of rabies in Banepa Valley. The program was able to conduct wide range of activities like sterilization, anti-rabies vaccination, School awareness (Compassion Education), as well as most crucial rescue, relief and treatment works. The activities include 165 Dogs sterilized from Banepa, Dhulikhel and Panauti Municipality with 1123 dogs of Banepa Vaccinated with Anti Rabies Vaccines. <p>Cattitude in Chennai received two grants in 2023 1. \$500 2. \$751 - total \$1351 We continue to support as many community cats as possible with cat food, small cash incentives to feeders (usually security guards who are very helpful) and Spay/Neuter/Vaccination/Veterinary care. Your kind donation in March went towards feeding and spay neuter of two cat colonies. We pay approximately Rs 4000 per 20kg bag of cat food (to feed around 15 cats in a month), and around Rs 6000 per spay/vaccination/microchip including post op boarding and care. In May we took on one more family of cats cared for by an old man who watches over a property for someone who lives abroad. He had in his house 35 cats, some of which we had neutered some years ago but he had taken in many pandemic rescues and the cats were living in appalling conditions. While we raised funds to neuter them all (they used to breed nd the toms kill the kittens at birth), and to create a catio to improve their living condtions, we realised that unless we started helping with regular feeding their health would not improve much, so we had to add these cats to the numbers we support. Your November donation helped us greatly in supplying food for the next two months for them, and other community cats. Since Cattitude does not receive enough for our basic monthly needs, part of any donation goes towards our minimal admin costs (accounts keeping, fuel, driver charges, etc) so that we are able to actually carry on this work. When we receive a bit extra we also respond to requests from the general public, to help spay a community cat and we were able to take on two such cases of car-park cats being cared for by a lady.</p>	1,354	1,351	0
